

Fire Pit Glass Wind Guard

Round, 23-Inch

Item Code: DWG23-RD

STONE
FOREST®

Product Overview

HPC Fire Fire Pit Glass Wind Guard, Round, 23-Inch provides a high quality glass wind guard for use with a gas fire pit. The high quality 3/16" thick tempered glass ensures a durable product while the tempered material ensures it can withstand the high heat. The wind guard measures 23" x 6" (Diameter, Height) - to accommodate your fire pit, provide at least 2.5" between the opening of your fire pit and the wind guard for a total of 5" difference.

Features

- Heavy Duty Construction - 3/16-inch thick tempered glass ensures a long lasting and durable product, resistant to high temperatures
- Support Brackets - Polished aluminum brackets and plastic support feet included
- Size - 23" x 6" (Diameter, Height)
- Color - Clear

Keep in Mind - The opening of your fire pit should be at least 5" smaller than the wind guard
